

## INVITATION

### 1<sup>st</sup> Digital Europe Programme (DEP) Applicant Training Event Invitation

**Get Ready to Apply for the Digital Europe Programme – Join Our 6-Part Applicant Training Series!**

Are you planning to apply for funding under the **Digital Europe Programme (DEP)**? Not sure where to start, or how to turn your idea into a strong proposal?

Join the **DEP4ALL National Contact Point network's free 6-part training series**, designed to help you confidently navigate the DEP application process and develop a competitive project.

#### **What is DEP?**

The **Digital Europe Programme** is the EU's flagship funding initiative for accelerating digital transformation across Europe. It focuses on six key areas:

- Supercomputing
- Artificial Intelligence
- Cybersecurity
- Advanced Digital Skills
- Wider use of digital technologies
- Semiconductors and chips

#### **Why Join the Training Series?**

This hands-on, beginner-friendly series will help you:

- Understand EU digital priorities and funding logic
- Translate your idea into a viable project concept
- Learn the basics and best practices of proposal writing, budgeting and reporting EU-projects
- Get confident using the EU Funding & Tenders Portal
- Avoid common mistakes and follow best practices
- Build confidence and clarity in applying

By the end of the series, you'll have all the tools to prepare a complete, high-quality proposal.

**First Session – Now Open for Registration!** - No prior knowledge of DEP is required — we'll start from the beginning!

**Title: Session 1 – Introduction to the Digital Europe Programme**

**Date:** Tuesday, 10 June 2025

**Time:** 10:00–11:30 CET

**Location:** Online

**Language:** English

**Cost:** Free (registration required)

**[REGISTER HERE!](#)**

**Agenda Highlights:**

- The role of DEP in the EU's digital strategy
- Key IT/digital terms – explained simply
- DEP priority areas and project types
- How to get started on the EU Funding & Tenders Portal
- Practical tips for new applicants

**Who Should Attend?**

Researchers, SMEs, public institutions, universities, digital hubs, and NGOs working in AI, cybersecurity, digital skills, and tech deployment. Whether you're a beginner or just need clarity — this is for you.

**What You'll Get:**

- Live access + Q&A with experts
- Training materials & slides
- Video recording after each session
- Links to relevant guides and portals

**[Register now](#)** and get ready to start your DEP journey!
